Steve and Tom,

This schedule has forgotten the purpose of this meeting and what Jared accepted, which was a meeting with Malibu Unites, not the district. Yet your schedule fails to mention this. The tour of the school is to be with MU and some teachers from our group that want to direct it with us. The meeting after is for any concerned parent and our group to discuss concerns with Jared.

I ask that you correct this schedule to reflect proper intentions and let the district know that they are not guiding the tour nor will they be part of the discussion with parents and teachers.

Thank you,  
Jennifer deNicola

Dear Ms. DeNicola,

Thank you for sharing your concerns regarding PCBs in the Malibu High School and for your invitation to tour the school. I would like to accept your invitation for a tour and to meet in person with members of your organization to discuss your concerns.

My staff will be providing me an update on Malibu High School at the end of next week. After that briefing, we will be in touch with you about possible dates for a tour and meeting in next month. My staff will also reach out to the school district to coordinate logistics for the tour.

I look forward to with meeting you.

Jared Blumenfeld

Jennifer,

We have come up with the following schedule for Jared Blumenfeld's visit to Malibu High School. Given his time constraints and to allow the various parties a chance to speak with him, we thought that this would be the best schedule.

Arrive at Malibu High School - 11:15 am on Friday, June 20  
Meet with School Administration – 11:15 to 11:45 (at most 30 minutes, may be shorter)  
Tour Malibu High School with school administration, community and teacher representatives – 11:45 to 12:30  
Meet with concerned community members and teacher – 12:30 to 1:15 (school administration will not participate in this meeting and they will provide a room for the meeting)

There will be EPA representatives who can stay past 1:15 when Jared will need to leave. Please let me know how many people you want to have on the tour portion of the visit. We are looking forward to the visit.

Thanks, Tom
